

HAPPY BIRTHDAY TORONTO

1834 - 1984

4545

To help mark the City of Toronto's Sesquicentennial in 1984, the TTC painted one of its 1951-vintage PCC street cars (No. 4545) in a special blue livery with a "Happy Birthday Toronto" theme. Shown in the City's downtown area, the "Sesqui" street car, along with other cars similarly painted and privately sponsored, will operate in regular passenger service throughout the year.
